

## War Department Worried By States Uses of National Guard Units

WASHINGTON — Recent National Guard activities have War Department executives worried in private.

They fear that such personal vendettas as that of Kingfish Huey Long, together with National Guard embroilment in industrial disputes, may have serious repercussions on the regular army. Particularly they fear hostile public reaction against the regular army which may hit Congressional appropriations.

The question recently has been the subject of several secret conferences within the high command.

The War Department, through the agency of the National Guard Bureau, has supervisory authority over the militia. It supplies uniforms and equipment, has charge of training enlisted personnel and schooling of the officers.

For this purpose the last Congress allotted \$55,000,000.

But beyond this scope the Department has no control over state troops.

The forty-eight Governors have practically unlimited power over them.

They can call them into service as Huey has done to combat a political foe; or, as Georgia's Governor "Gene" Talmadge did last year, to oust defiant state officials he wanted to get rid of, or, as has been done in over a score of states recently, they can be called out in industrial struggles.

War Secretary Dern makes no secret of the fact that in many cases, he thinks state troops are called out needlessly.

The Army would like nothing better than to get a greater measure of control over the National Guard. But the problem is how to do so. Such a proposal would be certain to stir up a hornet's nest of fierce opposition from state officials.

## Ships and An Attic

With every other Government department getting a PWA grant for a new home, the Navy Department decided it ought to have one, and while grizzled old Secretary Swanson was vacationing in Virginia, the Admirals fixed the whole thing up.

When Swanson returned, the plan was laid before him with eloquent ceremonies. Members of the Park and Planning commission, which supervises all public building design, were present. These were admirals, captains, chief clerks all crowding into Swanson's glum offices in the temporary war-time Navy Building.

They showed him the magnificent new to be his; the immense open fire place; the little ante-room where he could lie down for a brief snooze if Morpheus became insistent; the private elevator. It would be the finest suite to be occupied by any Cabinet officer, they explained. What did he think about it?

Swanson listened without a word, chewed on his black, pencil-like stogie, inquired: "The PWA will give us the money?"

"Oh, yes," they assured in unison. "That's all arranged."

"That's fine," he decreed. "We'll take all the money they'll give us. But—"

"But what?"

"But we're not going to build a new Navy Building with it. I can run the Navy from an attic. What I want is ships."

## Pork

The hog raisers of the country are making it clear to the AAA that they know their pork—whether on the hoof or in the Treasury's till.

The triple A would like to shelve the \$5-a-hog phrase of its corn-hog crop control program for the coming year. With corn stocks at a low ebb, as a result of drought ravages, and next year's planting well under control through sowing contracts, Henry Wallace's boys feel that the hog output will automatically regulate itself.

But the farmers—in loud and angry tones—are saying, "nothing doing."

## WALISA FACES TRIAL ON TWO COMPLAINTS IN ADKINS' COURT

State Men, Deputy Sheriff Raid E. Corwin-st residence; Get Gallon and Half Illegal Liquor, They Charge; Gilmore Held, Too.

Roy Walisa, of E. Corwin-st., will face trial before Judge J. W. Adkins in common pleas court Saturday at 9 a. m. on two charges of violating the Ohio liquor control act, following his arrest in a surprise move by three state liquor agents and Deputy Sheriff Bryan J. Custer Wednesday afternoon.

One of Walisa's alleged helpers, Albert Gilmore, who was also arrested in Wednesday afternoon's raid, will be tried at the same time on a charge of selling intoxicating liquor without a permit.

### CHARGES DENIED

In a preliminary hearing soon after their arrest yesterday Walisa and Gilmore both pleaded not guilty. Their bonds were set at \$500 on each charge and they were returned to the county jail.

Tom A. Renick has been secured as attorney for the pair.

Walisa, who about a year ago in testifying in a murder trial in Ross-co gave his occupation as a "bootlegger," is charged with possessing intoxicating liquor for sale, and keeping a place where intoxicating liquors are sold without a permit.

The three state agents and Deputy Custer swooped down on Walisa's E. Corwin-st. residence about 4:05 p. m. yesterday. They quickly entered the house and after a search found a gallon and a half of whiskey in a large granite container in the bath room. Several dozens of empty pint bottles, caps, corks and a bottle of coloring fluid were also taken.

### PURCHASED PINT

Earlier in the afternoon, one of the agents had visited Walisa's residence and bought a pint of whiskey from Gilmore. Hence, Gilmore is charged with selling intoxicating liquor without a permit.

Penalty on either of the three charges filed against Walisa and Gilmore is \$100 to \$1,000 fine and imprisonment not to exceed six months. Judge Adkins said today Walisa was released from the county jail at 10 p. m. Wednesday after furnishing the necessary bond.

Gilmore was released this morning on bond.

## CAMPAIGN TO START SOON

Democratic Men and Women Make Plans; Candidates Are Assessed.

Pickaway-co Democrats today prepared to launch their fall campaign, following meetings of two enthusiastic groups in the court house Wednesday evening.

Sixteen Democratic ladies under the chairmanship of Mrs. J. B. Cromley, of Harrison-twp, met and made plans for a canvass of the voters sometime before the November 6 election. Precinct workers will be named to do the job.

### ROOMS SECURED

George G. Adkins, chairman, presided over the meeting of the county executive committee last night when it was reported that two rooms had been secured in the Crist building, W. Main-st., to be used for local Democratic headquarters.

The committee also heard a report.

## Only Two Days Remain Of Special Vote Offer

Only two more days remain of the last special offer of The Herald's big Salesmanship Club. This offer can easily mean victory or defeat for several of the workers, as one member will increase his or her vote totals by 300,000 votes, another will increase the vote total by 200,000 and another by 100,000 votes. This offer ends Saturday night and the wise members of the campaign will see to it that they have good reports to turn in this week.

Each and every member is cautioned not to make the "fatal" mistake of thinking that only an ordinary offer will win now. The race is too close between too many—the prizes are too large to be won by only a faint-hearted effort during this last big special offer.

## Clever Racket Traced

Man Obtained Five Sewing Machines Trading One Family To Another.

While an apparent fruitless search was being extended for a man who came here early this week and picked up sewing machines to repair them and then skipped out, Officer William McCrady after an investigation today learned that the man had taken at least five machines.

After tracing the man's movements, McCrady learned the following facts: He appeared at the home of a Meyers family in Lovers Lane and took a machine which he traded to Mack Tigner, of Weldon alley for another and \$1. He took the head of the machine which he secured from Tigner and sold it to Mrs. Daisy Watson, of W. Huston-st.

### TRADES FOLLOWED

A machine he obtained at Mrs. B. Quince's home, E. Mound-st., was sold to Mrs. R. Wolfe, Weldon alley, for \$1. Another machine taken from the home of a Bostwick family, S. Pickaway-st., was sold to F. Hapenny, Clinton-st. and Weldon alley for \$6. An electric sewing machine which he secured from Mrs. Kenneth Lea, W. Mound-st., was taken to the home of Jerry Ayers, Harrison and Scioto-sts., where it was sold for \$8.

Officer McCrady learned that two local men, Tom Hickey and a Boyer youth, both of E. Mill-st., innocent of the man's "racket" accompanied him on several of his trips here.

The man operating the "racket" is believed to have gone to Chillicothe from here.

## STYLE REVUE DRAWS CROWD

Models Applauded By Patrons At Cliftona Theatre; To Be Repeated.

Another capacity crowd is expected at the Cliftona theatre this evening for the second presentation of the Fall Style Revue being staged under the auspices of Circleville merchants. The Herald and the theatre.

The show is directed by Miss Mary Pickens with Mack Parrett, Jr., acting as master of ceremonies. Miss Iona Miller is accompanist.

Fall styles of a number of Circleville's leading stores are being shown by a splendidly selected group of models. Appearances of each of the girls in the various styles brought applause. The little misses who took part in the show also received their share of plaudits while the young men who modeled all did their jobs well.

A number of other merchants who do not deal in clothes sponsored various acts presented during the evening, thus taking part in the revue that resulted in much favorable comment.

The complete revue will be presented again at the close of the theatre's regular picture this evening. There is no advance in prices.

## MOVE TO OPEN WAY FOR PIPELINE MADE

## 2 TO TESTIFY IN SALEK CASE

Cady and Officer Smith Ordered To Report Tuesday Morning For Trial.

Mayor W. B. Cady and Officer Raymond H. Smith will leave Monday morning for Buffalo where they have been subpoenaed as witnesses in the first degree murder trial of Bruno "Brownie" Salek, captured here in a flight after shooting a Buffalo policeman, Lieut. George Uhl, to death.

Salek's trial opens Tuesday morning, Sept. 25, in the state supreme court.

Cady and Smith were notified to report at 10 a. m. in a communication received from J. J. Whalen, chief of detectives.

The subpoenas listed only the name of Salek, said to be the actual trigger-man. It is believed that the trial of Stanley Pluzdarg, Salek's accomplice, also charged with first degree murder, will be tried alone. A charge of gun possession has been brought against Alice Zimmerman, who was with the pair when their stolen car was wrecked in the east end.

Buffalo detectives say they have a confession from Salek gained while enroute to the New York city.

John C. Goeller, president of council, will act as mayor while Mayor Cady is out of the city.

## SALE OF BEER TO END AT 12 IS CITY'S PLAN

Council Hears Ordinance Read First Time; Expects to Act

FINE IS \$5 TO \$100

Liquor Board Has 1 a. m. Closing Time

Council took another step toward regulating the hours for the sale of beer in Circleville restaurants and beer parlors Wednesday evening when an ordinance prepared by Solicitor Carl Leist was read for the first time.

Immediately after reading, the legislation was placed in the hands of the ordinance committee. It will not become law until read the third time and voted favorably by a majority of council.

The ordinance would halt beer sales at midnight in all establishments in this city's limits. The fact that beer sale would be stopped at that hour does not mean that the dispensaries would have to close at that time since Mr. Leist has learned that regulating the hours for the establishment to close would be illegal.

### FOLLOW STATE MOVE

Council has been talking of stopping the sale of beer at midnight for quite a while. The state liquor control commission took a step that way last week in establishing 1 a. m. as the closing hour over Ohio. The commission in an opinion to the solicitor declared that municipalities have a right to regulate the hours in which beer can be sold providing the hour to close does not conflict with that set by the state.

The city ordinance would bar the sale of beer between midnight and 6 a. m. week days and midnight Saturday and 6 a. m. Monday over the week-end.

### FINE SCALE SET

The contemplated ordinance also establishes a system of fines to be assessed violators. For the first offense the penalty would be a fine of \$5 to \$25 and for each offense after that from \$25 to \$100.

## DAVEY WOULD PICK WOMAN WELFARE

COLUMBUS, Sept. 20.—A woman will give the cabinet post of director of the state welfare department if Martin L. Davey, Kent, Democratic nominee for governor, is elected, he said today.

Davey said he has not decided who he would appoint but that the hundreds of letters received from women's organizations offering suggestions since he promised to give one of the 10 cabinet posts to a woman, narrowed the field down to about six women.

John McSweeney, Wooster, present welfare director, already has announced his intention of returning to his home town to practice law when Gov. George White's successor takes office next January.

## VETERAN CHICAGO OFFICER IS SLAIN

CHICAGO, Sept. 20.—Lieut. James F. Day of the Gresham police station was found murdered today in a vacant lot, his head crushed in by a terrific blow.

His pockets were turned inside out, indicating that he had been robbed.

Lieut. Day was a veteran of 40 years' service on the police force.

## Boy, Who Killed Father For Ducks, Held in Jail

BIG LAUREL, Va., Sept. 20.—A gruesome tale of a son brutally killing his aged father to steal his ducks, buried his body and then disinterred it two months later and burned it, was brought here from the Kentucky side of the Blue Ridge mountains today.

As a result Gilbert Hatfield, is being held in Bell-co, Ky., jail on a charge of murdering his father, John Hatfield, 70, last seen by his neighbors in June. Tom Huddlestone, the son's companion, also is held. Both deny any knowledge of the crime.

Deputy sheriffs in charge of the case reported Albert Hatfield, another son, claimed Gilbert told him:

"I done a little trick the other day and I can't eat nor sleep. I killed father and hid him by the big log. Struck him in the head with a pick. I killed him the first time but I hit him several more times. Tom knows about it. I gave him half of the ducks to say nothing about it."

John Doan, tramping the woods in search of a cow, found a skull and a pair of shoes with human foot bones inside. W. K. Turner saw the shoes and said they looked like the ones "Pappy Hatfield wore."

## Report Trio Held In Death of Baby

## 3 INJURED IN CRASH RESTING

Melton and Two Daughters Badly Hurt, One Having Broken Arm and Leg.

Three persons, a father and his two surviving daughters, remained in serious condition at Berger hospital today suffering from injuries received in a head-on collision opposite Fairview market, north of Circleville, Wednesday afternoon.

They were: Otto Melton, 60, attendant at the Orient institute for the feeble-minded; Miss Mildred, 30, also employed there, and Miss Garnett, 32, an operator for the Ohio Bell Telephone Co. in Akron. Another Melton girl, Miss Eva, 32, was instantly killed in the wreck.

### ALL BADLY HURT

The father has a broken left foot, numerous bruises and possible internal injuries. The younger daughter has cuts and bruises and is semi-conscious, while Miss Garnett, a twin of the dead girl, has a broken left leg, broken right arm and head injuries. She is also suffering from concussion and is more serious than the others. She was riding in the rumble seat of the Melton automobile with her dead sister.

The Meltons had been visiting a son and brother, Russell, in Frazersburg, W. Va., and were returning home when the automobile driven by the father collided with the LaSalle sedan driven by Miss Lois Brim, 20, daughter of Professor and Mrs. Orville W. Brim, 2363 Tremont-rd., Columbus. The girl's father is a professor in the college of education at Ohio State university.

### OTHERS IN CAR

Others in the Brim car were Betty Brim, 21, Orville, Jr., 9, Wade, 7; two maids, Florence Stubb and Florence Harrison, and William Randall, 20, Upper Arlington. All were slightly hurt although none required aid here.

Candidates for vice president besides Shadley were George Ammer, George Speakman, Tom Kirwin, and Lydia Given, while Jim Reichelderfer, Dorothy Lyle and Bob Watts also ran for treasurer with Ned Plum and Walter Osborne in the race for secretary.

## HOCKING FIRM STRIKE WOULD AFFECT MANY

U. S. Board Calls Hearing For Next Monday; Starts Saturday

2,480 WORK THERE

Shoe Strike Settlement at Standstill

CLEVELAND, Sept. 20.—The Cleveland Regional labor board moved today to avert the threatened strike of 2,480 employees of the Hocking Glass company, at Lancaster, O., a strike which board members said would practically cripple industry in the city.

The board today received a telegram from the American Flint Glassworkers' Union, Local 519, affiliated with the American Federation of Labor, declaring that union employees would walk out on strike Saturday, according to William C. Westphal, assistant executive secretary of the board.

### CALLED MONDAY

The board immediately called a hearing for next Monday afternoon in an attempt to at least postpone the actual walkout, Westphal said.

Westphal revealed that he had attempted to negotiate a settlement between company and union officials last Thursday while he was in Lancaster trying to settle the strike at the Godman Shoe company. He said that he was unable to "get anywhere" at that time.

The union called the walkout at the glass company after company officials refused to deal with union representatives concerning collective bargaining, Westphal said.

### ON SHOE STRIKES

Westphal has been representing the Regional board in the strike difficulties at the Columbus and Lancaster plants of the Godman Shoe company. He said he will go to Columbus again next Tuesday to try to amicably settle that walkout.

## COURT HEARS KILLERS' PLEA

Fair Trial Rights Violated Attorneys For Pierpont, Makley Say.

COLUMBUS, Sept. 20.—The voluminous record in the trials of Harry Pierpont and Charles Makley, Dillinger mobsters condemned to death for the murder of Sheriff Jess Sarber of Allen-co, was in the hands of the seven judges of the state supreme court today.

The court hands down its decisions but once a week and Sept. 26 is the next regular decision day. If the decision happens to go against Pierpont and Makley, it was doubtful whether their counsel would carry a further appeal to the U. S. supreme court. It is reported in legal circles that the Dillinger gang defense fund is about exhausted and not sufficient to pay the cost of printing the record of another appeal.

No attempt was made by their counsel to stress the asserted innocence of Pierpont and Makley before the supreme court. Their chief argument was that constitutional rights of the pair to a fair trial had been violated, at the same time claiming the indictments were improperly obtained.

## ATTEMPT TO TRACE DEATH CAUSE FAILS

Captain of Morro Castle Might Have Died of Poison, Expert Says Today.

NEW YORK, Sept. 20.—Failure to determine whether Capt. Robert Willmott died from the effects of poison a few hours before the Morro Castle was gutted by a disastrous fire was reported today by Dr. Alexander Goettler, city toxicologist.

The master might have been poisoned—Dr. Goettler could not say. Traces of two metals which form the bases of some poisons, copper and lead, were found in the bones but the toxicologist was inclined to ascribe their presence to the fact that copper wiring and lead pipe on the doomed liner had melted in the terrific heat and impregnated the bones.

# TIGERS, ACADEMY TO OPEN PIGSKIN YEAR

There's going to be a football game at the high school field Friday afternoon with Circleville's Tigers and Bill Hunt's Columbus Academy outfit as the leading attractions.

The game is set for 3 p. m. with Wert and Smith as officials. Price of admission will be 35 and 20 cents, and the high school band will parade uptown before game time.

Those are a few facts and here's another one. Coach Pete Herberholz is not yet certain who will be in his starting lineup. He has worked several different combinations but has not yet made up his mind; at least none of the squad members have any idea who will be in certain positions when game time rolls around.

## MAY DELAY CHOICES

The Red and Black mentor may assign jobs to his hopefuls this evening, but again he may not. He might withhold his lineup until just before game time.

Nothing at all is known of the Academy team. Bill Hunt's ability as a coach is proven since he has turned out some mighty good teams at the Columbus school. The former Ohio State basketball star has been at Academy since graduating with Johnny Miner and other cage satellites and has been held in high esteem.

He has promised high school officials that every player he puts on the field would be eligible for a high school team in age and grades. He has some players who will be used against other prep schools but not against legitimate high schools.

## HOPE FOR VICTORY

The Tigers are hopeful of gaining the victory. Most of the players expected to see service are green while their weight is not too great. A number of the athletes are well proportioned and seem to know what it is all about but nothing definite can be learned until they are seen in action.

Next week the Tigers play Lancaster in a night game.

This turkey-necked cup is the prize of victory in the international yacht races for America's cup, in which the British ship, Endeavour, and the American craft, Rainbow, are competing off Newport, R. I. Brought from England in 1851, the cup has remained in the United States ever since. Sir Thomas Lipton referred to it as "that old mug".

## NOECKER VICTOR

Little progress is being made in the Pickaway Country club championship tournament as one match was played during the week with J. P. Noecker defeating A. L. Wilder, 8 up and 6 to go.

J. H. Evans has defaulted to C. R. Barnhart and C. T. Gilmore to J. Woodyard.

Matches between R. D. Musser and Paul Adkins and J. Eshelman and K. J. Hermann remain to be played in the first round.

## About This And That

BY THE SECOND GUESSER

### TWO-MAN STAFF

We must pass this one on to you. Last night in Bill McKinnon's sports report over WBNS he told a story about Dizzy Dean's latest chatter—Dean, according to McKinnon, gave Frankie Frisch credit for being the greatest manager in baseball because: "He has kept the Cardinals in the race with a two-man pitching staff." — Naturally the big hurler means himself and his brother, Paul.

Many thousand Chicago grunts fans will see the Jim Londero-Strangler Lewis match tonight—It goes on the air, too—Londero is getting 40 Gs out of his efforts—Lewis will probably get thrown.

### FISHER BY DEFAULT

Another match of interest was that between Charlie Fischer, of Wisconsin, and Billy Parker, Boston negro, for the light-heavyweight title last night in Columbus—Fischer won in 37 minutes of tough milling—3,500 watched Parker miss a flying slam and suffer a groin injury—Up to that time he was ahead—Unable to continue the negro lost his chance at the title.

The Notre Dame club of Cleveland is seeking permission from Naval academy authorities to permit 1,700 midshipmen to attend the Navy-Notre Dame grid contest in the Forest city Nov. 10—The game will be played in the Stadium.

### No Females Allowed

Mount Athos, the monastic republic in Greece which is only forty miles long and five miles wide, and contains 20 monasteries and 9,000 monks has not permitted a woman or female animal to enter its boundaries for more than 900 years.

## LAYDEN FACES TOUGH JOB AT IRISH SCHOOL

Schedule Calls For Difficult Test Every Week; Spirit Is Good.

By LEO FISCHER

International News Service Sports writer.

SOUTH BEND, Sept. 19.—

Elmer Layden, the new head man, is faced with the tremendous task of building from the ground up in his first season at Notre Dame, but you can't say that he hasn't erected a pretty solid foundation in the few months since his return to this campus.

Without playing a game, with only a few practice sessions under his direction, he has succeeded in restoring to Notre Dame football that spirit and morale which made the Irish such a fearful gridiron power under Knute Rockne's magic touch. He was welded the student body, the alumni, the coaches, the faculty and the players into a solid group which cannot help but reflect its unity this fall in the battle to regain Notre Dame's lost football prestige.

### NOT SECOND ROCKNE

The late father, O'Donnell chose better than perhaps he will ever know when he picked this boyish-looking coach from Duquesne university to direct the athletic destinies of his old Alma Mater. He may not be a "second Rockne"—there probably never will be one—but he has that elusive something, call it charm or magnetism, if you will, which made Rock a standout among men. And the results show on every side.

Of the 18 returning lettermen from last year's squad, only seven are seniors, and just four of these can be used at one time. George Melinkovich and Fred Carideo are fullbacks; Dan Hanley and Al Costello are right halfbacks; Capt. Dominic Vairo and Rocco Schiralli are guards.

This means that in the key positions will be men who have all the willingness and courage which any coach can desire, but who lack the balance and experience needed to start the season off in high gear.

In the line particularly is this true but the backfield is a little better set for experienced material.

Notre Dame's 1934 schedule is scarcely one which will permit much experimenting. It opens Oct. 6 when Jack Chevigny brings his Texas team to South Bend and continues without a break against Purdue, Carnegie, Wisconsin, Pittsburgh, Navy, Northwestern and Army. Then a week's rest and the finale with Southern California.

Mr. Downing entertained the grade and high school teachers with a watermelon party last Thursday evening.

The annual freshman initiation party was held at the home of Augusta Peters last Friday evening. We have 25 freshmen.

Coach Lampl is introducing speed ball as the boys' fall sport this year. He is busy training his team for the first game of the season, Friday, Sept. 28, when they will play Ashville at Jackson. Ashville has a good team so we expect this to be an interesting contest.

Miss Louise Fischer, sophomore, and Roger Wolf, freshman, are attending the State Club Congress at Ohio State university this week. Roger and Louise were chosen as delegates because of their interest and achievement in 4-H club work.

## BUD TEACHOUT BLADES CHOICE

Slim Southpaw To Try For Third Red Bird Victory; Heusser Is Help.

MINNEAPOLIS, Minn., Sept. 20.—With two decisive victories tucked under their belts, and but two to go before they have the American Association championship in their grasp, the Columbus Red Birds turned today to Bud Teachout for the hurling duties in the third game of the post season series with the Millers and the last to be played in Flour Town.

The Birds won the second game yesterday 9 to 4 before a disappointing total of 7,000 fans by batting Walter Tauscher and Joe Shaute to all points of the lot.

Ed Greer went to the eighth inning when a rally by the Millers threatened the Birds' lead. Then Ed Heusser was called to duty and the Millers were left without scoring for the remainder of the game. The Birds were outlasted to 11 but gained their advantage by bunting the batting line the fourth, sixth and seventh rounds.

## WASH OUT 15 MILES OF KIDNEY TUBES

Win Back Pep . . . Vigor . . . Vitality

Medical authorities agree that your kidneys contain 15 MILES of tiny tubes or filters which help to purify the blood and keep you healthy.

If you have trouble with too frequent bladder passages with scanty amount causing burning and discomfort, the 15 MILES of kidney tubes need washing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and vitality, getting up nights, lumbago, swollen feet and ankles, rheumatic pains and dizziness.

If kidneys don't empty 3 pints every day and get rid of 4 pounds of waste matter, your body will take up these poisons causing serious trouble. It may knock you out and lay you up for many months. Don't wait. Ask your druggist for DOAN'S PILLS . . . a doctor's prescription . . . which has been used successfully by millions of kidney sufferers for over 40 years. They give quick relief and will help to wash out the 15 MILES of kidney tubes.

But don't take chances with strong drugs or so-called "kidney cures" that claim to fix you up in 15 minutes, for they may seriously injure and irritate delicate tissues. Insist on DOAN'S PILLS . . . the old reliable relief that contain no "dope" or habit-forming drugs. Be sure you get DOAN'S PILLS at your druggist. © 1934, Foster-Milburn Co.

## ASHVILLE SCHOOL NOTES

All students, parents and athletic followers of the Ashville-Harrison high school, please note the change in the athletic program adopted for the coming year.

Heretofore the athletic program consisted of a Fall sport, football; a Winter sport, basketball; and a Spring sport, track. This Fall, however, will find no football on the schedule, but instead the boys will spend their time concentrating on a rather new as well as somewhat unknown sport, namely, speedball.

The reasons for this change in the program are as follows: 1. Lack of money to continue football. 2. The discontinuing of football in most small nearby schools. 3. Lack of number of students out for football. 4. Speedball is a mass game and therefore has a turnout of approximately 90 per cent of all the boys in school whereas the turnout for football was about 20 per cent. 5. Speedball is a very inexpensive game and at the same time a good conditioner for basketball.

Speedball was invented by Mr. Mitchell of Michigan U., and is a combination of soccer and basketball. It is played on a regulation football field with the goal posts on the end zone, 10 yards in back of the goal line.

A team in speed ball consists of 11 players scattered all over the playing field. The ball is kicked off from the 50 yard line, from where play continues by either throwing a forward, backward or lateral pass, or by kicking the ball, depending upon whether it is a fly ball or a ground ball. A fly ball is one that is kicked into the air and has not touched the ground since being kicked into the air and may be caught and passed forward, backward or lateral until a score results or it again touches the ground, thus becoming a ground ball. A ground ball is one that touches the ground after being kicked or passed and may be kicked, but not touched by the hands of any player.

The methods of scoring are: 1. Field goal, three points, resulting from a kicked ball between the goal posts and underneath the cross bar. 2. Touchdown, two points, resulting from a forward pass over the goal line. 3. Drop kick, one point, resulting from a drop kick from any place on the field of play. 4. Penalty kick one point, resulting from a foul.

Fouls are infractions of rules, similar to those in basketball. It is hoped that a county speedball league will be formed in Pickaway-co by next year. Franklin-co as well as many others have organized such a league and reports are that speedball is a success.

The Ashville high school has arranged to play four games so far, two with Jackson-twp and two with Hamilton-twp school. The first game will be played this Friday at Ashville against Hamilton-twp. The game will be called at 3:30. No admission will be charged, everybody is welcome.

We have three new teachers this year in Ashville. They are, Monna Lee Ferguson, Eliza Plum and Fred Brobst. They are taking over the work of Elizabeth Hay, Maxine Accord, vocal music, and Prof. John Gill, instructor of music who are not with us this year.

Billy Glick of the second grade was absent last week due to illness.

## Judgment Day—Can't Pay

**Our Loan No. 17-8487—** is a young foreigner, who by dint of hard work and saving owns a 136-acre farm. Among the improvements on his place, he rode his buildings against lightning, and gave his note in payment. He neglected to pay this note, so the sheriff came out and levied execution on his stock and implements. Being foreign-born this judgment had worried him to the point where he was nearly frantic, and to say he was relieved when The City Loan made him a loan of \$150 is putting it mildly.

booklets with pictures and stories about them.

The sixth grade is making an Indian booklet for their history class.

George Forquer, Ruth Ann Sark and Junior Short conducted the opening exercises in grade six. June Snyder brought a picture album to school and took us on an imaginary trip through the Grand Canyon during our History club meeting. We also talked about the textile strike and the burning of the Morro Castle.

We are making a collection of butterflies, bees, cocoons and fish for our Nature Study.

Plans are being made for a County school exhibit at the Pumpkin Show. It will be displayed at the armory.

The eighth grade plans to spend the first few weeks of school in reviewing some of the school work already covered in previous grades. We believe that this review will later make the eighth grade work easier for many of the pupils.

Attorney General Roebuck

Clamping down a rigid censorship on all further developments in the kidnaping and release of John S. Labatt, millionaire London, Ontario, brewer, Arthur W. Roebuck, above, attorney general of the province, criticised the Labatt family for withholding information from police, and took over complete charge of the search for the abductors.

### MEMOIR OF MRS. MINNIE EDNAH NEFF.

Minnie Ednah, the daughter of George and Lina (Brown) Fox, was born in Hocking-co, Ohio, on the second day of February, 1900, and departed this life at Berger Hospital, Circleville, Ohio, Tuesday evening, September 18, at 7:55, her age being 34 years, 7 months and 16 days. At the early age of eleven she professed her faith in the Lord, during special meetings in the Methodist church at Tarleton, Ohio, and January 11, 1911, she received the sacrament of baptism and became a communicant of that church. This relationship was never changed. On the 20th day of October, 1922, she was united in marriage to Eliza Neff, near Pherson, Ohio, and to this union were born the following surviving children: Orren Drexel, Lawrence Robert, Paul Raymond, Lewis Edward and Marion Lou. Feside her husband and father she leaves the following brothers and sisters: Lawrence C. Otto F., Arthur D. Mildred F. and Mrs. Mazie Caskey and Mrs. Helen Heaton of Columbus, Ohio, George H. of New York City, and Mrs. Bertha Davis of Lancaster, Ohio. A host of other relatives and friends mingle their tears of sympathy with the bereaved family. She was a kind and loving mother, devoted to her family and loved ones, always willing to do all she could in time of need, and she will be greatly missed by all who knew her.

"A precious one from us is gone, A voice we loved, is stilled; A place is vacant in our home, Which never can be filled."

"God in His wisdom has recalled A boon His love has given; And though her body slumbers here, Her soul is safe in Heaven."

# SURVEY OHIO SCHOOL NEEDS

COLUMBUS, Sept. 20.—A state-wide survey, designed to place the financial plight of Ohio schools squarely before the state legislature when it reconvenes Nov. 19, has been started by the state department of education.

The survey, which is being conducted under the direction of Joseph Fichter, assistant director of education, is aimed to bring to light the following facts:

An approximate determination of the number of children who this year are being kept out of school because of lack of proper shoes, clothes and books.

How much in back teachers salaries will be needed by January of next year.

## LEVIES STUDY

How many cities are voting special levies outside the 10-mill limitation for the schools. This will enable the education department to estimate, following the November elections, how much will be needed to keep the state aid schools open.

Fichter, who has just returned from the first of a series of trips planned to cover many of the schools districts in the state, said today that preliminary investigations have revealed that more students this year than ever before have been kept out of school because of the need for sufficient clothes and books.

"Some boards of education," he declared, "are taking the attitude that it is trouble enough to keep the schools open without supplying the needy children, but the problem must be included in the matter of school financing."

It is also apparent that no districts in the state will receive federal funds to pay teachers' salaries this year.

## FERA HELPS

This Spring, the FERA granted approximately \$333,000 to 386 of the state's 2,000 school districts to aid in paying teachers from February to June, with 100 more districts meeting the qualifications but failing to receive any funds.

Money is available from the FERA for the erection of new school buildings, but the problem now is to keep the present ones open. Fichter, however, said that building loans would be taken from time to time when new schools were needed.

## ALAGNA TELLS OF "TROUBLE"

Says He Started Petition In  
Objecting To Bread, Dirty  
Utensils.

NEW YORK, Sept. 20.—George I. Alagna, of Wallingford, Conn., first assistant radio officer of the Morro Castle, took the stand today in federal inquiry into the disaster which cost 132 lives.

The court room buzzed with excitement as the swarthy young operator took the stand. Regarded as a key witness in the case, Alagna has been variously described as "hero" and "radical trouble maker" on the Morro Castle.

It was Alagna who went to the bridge and pleaded for orders from Acting Captain Warms while flames were already crackling in the radio shack.

Alagna started his hearers at the outset by frankly admitting to Dickerson, N. Hoover, chairman of the department of commerce board of inquiry, that he had had trouble on the boat. He said:

"When I first joined the boat in June as third radio officer the officers were being served stale bread and the silverware was greasy and plates dirty."

"I was just out of college and didn't like this. So I started up a petition to have this condition changed. I got up the petition but there were not enough signatures so I destroyed it, on the advice of Mr. Hackney, the fourth officer, who said if the Ward line got hold of it the signers would be fired."

Alagna then told how on a previous trip out of New York, before Rogers had become chief operator, he and two other operators had gone on strike before the sailing of the boat. He said he went to Captain Willmott with his demands and when he got no satisfaction he and the others walked off the ship.

## The DAILY WASHINGTON MERRY-GO-ROUND

War Department Worried By States Uses of National Guard Units

WASHINGTON — Recent National Guard activities have War Department executives worried in private. They fear that such personal vendettas as that of Kingfish Huey Long, together with National Guard embroilment in industrial disputes, may have serious repercussions on the regular army. Particularly they fear hostile public reaction against the regular army which may hit Congressional appropriations.

The question recently has been the subject of several secret conferences within the high command.

The War Department, through the agency of the National Guard Bureau, has supervisory authority over the militia. It supplies uniforms and equipment, has charge of training enlisted personnel and schooling of the officers.

For this purpose the last Congress allotted \$35,000,000.

But beyond this scope the Department has no control over state troops.

The forty-eight Governors have practically unlimited power over them. They can call them into service as a political force; or, as Georgia's Governor "Gene" Talmadge did last year, to outdistance state officials he wanted to get rid of, or, as has been done in over a score of states recently, they can be called out in industrial struggles.

War Secretary Dern makes no secret of the fact that in many cases, he thinks state troops are called out needlessly.

The Army would like nothing better than to get a greater measure of control over the National Guard. But the problem is how to do so. Such a proposal would be certain to stir up a hornet's nest of fierce opposition from state officials.

## Ships and An Attic

With every other Government department getting a PWA grant for a new home, the Navy Department decided it ought to have one and while grizzled old Secretary Swanson was vacationing in Virginia, the Admirals fixed the whole thing up.

When Swanson returned, the plan was laid before him with eloquent ceremonies. Members of the Park and Planning commission, which supervises all public building design, were present. These were admirals, captains, chief clerks all crowding into Swanson's glum offices in the temporary war-time Navy Building.

They showed him the magnificent new walnut paneled offices that were to be his, the immense open fire place, the little ante-room, where he could lie down for a brief snooze if Morpheus became impatient; the private elevator. It would be the finest suite to be occupied by any Cabinet officer, they explained. What did he think about it?

Swanson listened without a word, chewed on his black pencil-like stogie, inquired: "The PWA will give us the money?"

"Oh, yes," they assured in unison. "That's all arranged."

"That's fine," he decreed. "We'll take all the money they'll give us. But—"

"But what?"

"But we're not going to build a new Navy Building with it. I can run the Navy from an attic. What I want is ships."

## Pork

The hog raisers of the country are making it clear to the AAA that they know their pork—whether on the hoof or in the Treasury's till.

The triple A would like to shelve the \$5-a-hog phrase of its corn-hog crop control program for the coming year. With corn stocks at a low ebb, as a result of drought ravages, and next year's planting well under control through sowing contracts, Henry Wallace's boys feel that the hog output will automatically regulate itself.

But the farmers—in loud and angry tones—are saying, "nothing doing."

## WALISA FACES TRIAL ON TWO COMPLAINTS IN ADKINS' COURT

State Men, Deputy Sheriff Raid E. Corwin-st residence; Get Gallon and Half Illegal Liquor, They Charge; Gilmore Held, Too.

Roy Walisa, of E. Corwin-st., will face trial before Judge J. W. Adkins in common pleas court Saturday at 9 a. m. on two charges of violating the Ohio liquor control act, following his arrest in a surprise move by three state liquor agents and Deputy Sheriff Bryan J. Custer Wednesday afternoon.

One of Walisa's alleged helpers, Albert Gilmore, who was also arrested Wednesday afternoon's raid, will be tried at the same time on a charge of selling intoxicating liquor without a permit.

## CHARGES DENIED

In a preliminary hearing soon after their arrest yesterday Walisa and Gilmore both pleaded not guilty. Their bonds were set at \$500 on each charge and they were returned to the county jail.

Tom A. Renick has been secured as attorney for the pair.

Walisa, who about a year ago in testifying in a murder trial in Ross-co gave his occupation as a "bootlegger," is charged with possessing intoxicating liquor for sale, and keeping a place where intoxicating liquors are sold without a permit.

The three state agents and Deputy Custer swooped down on Walisa's E. Corwin-st. residence about 4:05 p. m. yesterday. They quickly entered the house and after a search found a gallon and a half of whiskey in a large granite container in the bathroom. Several dozens of empty pint bottles, caps, corks and a bottle of coloring fluid were also taken.

## PURCHASED PINT

Earlier in the afternoon, one of the agents had visited Walisa's residence and bought a pint of whiskey from Gilmore. Hence, Gilmore is charged with selling intoxicating liquor without a permit.

Penalty on either of the three charges filed against Walisa and Gilmore is \$100 to \$1,000 fine and imprisonment not to exceed six months, Judge Adkins said today.

Walisa was released from the county jail at 10 p. m. Wednesday after furnishing the necessary bond.

Gilmore was released this morning on bond.

## CAMPAIGN TO START SOON

Democratic Men and Women Make Plans; Candidates Are Assessed.

Pickaway-co Democrats today prepared to launch their fall campaign, following meetings of two enthusiastic groups in the court house Wednesday evening.

Sixteen Democratic ladies under the chairmanship of Mrs. J. B. Cromley, of Harrison-twp, met and made plans for a canvass of the voters sometime before the November 6 election. Precinct workers will be named to do the job.

## ROOMS SECURED

George G. Adkins, chairman, presided over the meeting of the county executive committee last night when it was reported that two rooms had been secured in the Crist building, W. Main-st., to be used for local Democratic headquarters.

The committee also heard a report.

## Only Two Days Remain Of Special Vote Offer

Only two more days remain of the last special offer of The Herald's big Salesmanship Club. This offer can easily mean victory or defeat for several of the workers, as one member will increase his or her vote totals by 300,000 votes, another will increase the vote total by 200,000 and another by 100,000 votes. This offer ends Saturday night and the wise members of the campaign will see to it that they have good reports to turn in this week.

Each and every member is cautioned not to make the "fatal" mistake of thinking that only an ordinary effort will win now. The race is too close between too many—the prizes are too large to be won by only a faint-hearted effort during this last big special offer.

## Clever Racket Traced

Man Obtained Five Sewing Machines Trading One Family To Another.

While an apparent fruitless search was being extended for a man who came here early this week and picked up sewing machines to repair them and then skipped out, Officer William McCrady after an investigation today learned that the man had taken at least five machines.

After tracing the man's movements, McCrady learned the following facts: He appeared at the home of a Meyers family in Lovers Lane and took a machine which he traded to Mack Tigner, of Weldon alley for another and \$1; he took the head of the machine which he secured from Tigner and sold it to Mrs. Daisy Watson, of W. Huston-st.

## TRADES FOLLOWED

A machine he obtained at Mrs. B. Quince's home, E. Mound-st., was sold to Mrs. R. Wolfe, Weldon alley, for \$1. Another machine taken from the home of a Bostwick family, S. Pickaway-st., was sold to F. Happeney, Clinton-st. and Weldon alley for \$6. An electric sewing machine which he secured from Mrs. Kenneth Lea, W. Mound-st., was taken to the home of Jerry Ayers, Harrison and Scioto-sts., where it was sold for \$8.

Officer McCrady learned that two local men, Tom Hickey and a Boyer woman, both of E. Mill-st., innocent of the man's "racket," accompanied him on several of his trips here.

The man operating the "racket" is believed to have gone to Chillicothe from here.

## STYLE REVUE DRAWS CROWD

Models Applauded By Patrons At Cliftona Theatre; To Be Repeated.

Another capacity crowd is expected at the Cliftona theatre this evening for the second presentation of the Fall Style Revue being staged under the auspices of Circleville merchants. The Herald and the theatre.

The show is directed by Miss Mary Pickens with Mack Parrett, Jr., acting as master of ceremonies. Miss Iona Miller is accompanist.

Fall styles of a number of Circleville's leading stores are being shown by a splendidly selected group of models. Appearances of each of the girls in the various styles brought applause. The little misses who took part in the show also received their share of plaudits while the young men who modeled all did their jobs well.

A number of other merchants who do not deal in clothes sponsored various acts presented during the evening, thus taking part in the revue that resulted in much favorable comment.

The complete revue will be presented again at the close of the theatre's regular picture this evening. There is no advance in prices.

## 2 TO TESTIFY IN SALEK CASE

Cady and Officer Smith Ordered To Report Tuesday Morning For Trial.

Mayor W. B. Cady and Officer Raymond H. Smith will leave Monday morning for Buffalo where they have been subpoenaed as witnesses in the first degree murder trial of Bruno "Brownie" Salek, captured here in a flight after shooting a Buffalo policeman, Lieut. George Uhl, to death.

Salek's trial opens Tuesday morning, Sept. 25, in the state supreme court.

Cady and Smith were notified to report at 10 a. m. in a communication received from J. J. Whalen, chief of detectives.

The subpoenas listed only the name of Salek, said to be the actual trigger-man. It is believed that the trial of Stanley Pluzdrak, Salek's accomplice, also charged with first degree murder, will be tried alone. A charge of gun possession has been brought against Alice Zimmerman, who was with the pair when their stolen car was wrecked in the east end.

Buffalo detectives say they have a confession from Salek gained while enroute to the New York city.

John C. Goeller, president of council, will act as mayor while Mayor Cady is out of the city.

## SALE OF BEER TO END AT 12 IS CITY'S PLAN

Council Hears Ordinance Read First Time; Expects to Act

FINE IS \$5 TO \$100

## Liquor Board Has 1 a. m. Closing Time

Council took another step toward regulating the hours for the sale of beer in Circleville restaurants and beer parlors Wednesday evening when an ordinance prepared by Solicitor Carl Leist was read for the first time.

Immediately after reading, the legislation was placed in the hands of the ordinance committee. It will not become law until read the third time and voted favorably by a majority of council.

The ordinance would halt beer sales at midnight in all establishments in this city's limits. The fact that beer sale would be stopped at that hour does not mean that the dispensaries would have to close at that time since Mr. Leist has learned that regulating the hours for the sale of establishments to close would be illegal.

## FOLLOW STATE MOVE

Council has been talking of stopping the sale of beer at midnight for quite a while. The state liquor control commission took a step that way last week in establishing 1 a. m. as the closing hour over Ohio. The commission in an opinion to the solicitor declared that municipalities have a right to regulate the hours in which beer can be sold providing the hour to close does not conflict with that set by the state.

The city ordinance would bar the sale of beer between midnight and 6 a. m. week days and midnight Saturday and 6 a. m. Monday over the week-end.

## FINE SCALE SET

The contemplated ordinance also establishes a system of fines to be assessed violators. For the first offense the penalty would be a fine of \$5 to \$25 and for each offense after that from \$25 to \$100.

## DAVEY WOULD PICK WOMAN WELFARE

COLUMBUS, Sept. 20.—A woman will be given the cabinet post of director of the state welfare department if Martin L. Davey, Kent, Democratic nominee for governor, is elected, he said today.

Davey said he has not decided who he would appoint but that the hundreds of letters received from women's organizations offering suggestions since he promised to give one of the 10 cabinet posts to a woman, narrowed the field down to about six women.

John McSweeney, Wooster, present welfare director, already has announced his intention of returning to his home town to practice law when Gov. George White's successor takes office next January.

## VETERAN CHICAGO OFFICER IS SLAIN

CHICAGO, Sept. 20.—Lieut. James F. Day of the Gresham police station was found murdered today in a vacant lot, his head crushed in by a terrific blow.

His pockets were turned inside out, indicating that he had been robbed.

Lieut. Day was a veteran of 40 years' service on the police force.

## Boy, Who Killed Father For Ducks, Held in Jail

BIG LAUREL, Va., Sept. 20.—A gruesome tale of a son brutally killing his aged father to steal his ducks, buried his body and then disinterred it two months later and burned it, was brought here from the Kentucky side of the Blue Ridge mountains today.

As a result Gilbert Hatfield, being held in Bell-co. Ky., jail on a charge of murdering his father, John Hatfield, 70, last seen by his neighbors in June. Tom Huddlestone, the son's companion, also is held. Both deny any knowledge of the crime.

Deputy sheriffs in charge of the case reported Albert Hatfield, another son, claimed Gilbert told him: "I done a little trick the other day and I can't eat nor sleep. I killed father and hid him by the big log. Struck him in the head with a pick. I killed him the first time but I hit him several more licks. Tom knows about it. I gave him half of the ducks to say nothing about it."

John Doan, tramping the woods in search of a cow, found a skull and a pair of shoes with human feet bones inside. W. K. Turner saw the shoes and said they looked like the ones "Pappy Hatfield wore."

## Report Trio Held In Death of Baby

BULLETIN NEW YORK, Sept. 20.—A sensational report circulated around police headquarters here today that three arrests have been made in the fatal kidnapping of baby Charles A. Lindbergh Jr., at Hopewell N. J., March 1, 1932. Denials came from two sources but reports originated with an informant heretofore considered as trustworthy.

## 3 INJURED IN CRASH RESTING

Melton and Two Daughters Badly Hurt, One Having Broken Arm and Leg.

Three persons, a father and his two surviving daughters, remained in serious condition at Berger hospital today suffering from injuries received in a head-on collision opposite Fairview market, north of Circleville, Wednesday afternoon.

They were: Otto Melton, 60, attendant at the Orient institute for the feeble-minded; Miss Mildred, 30, also employed there, and Miss Garnett, 32, an operator for the Ohio Bell Telephone Co. in Akron. Another Melton girl, Miss Eva, 32, was instantly killed in the wreck.

## ALL BADLY HURT

The father has a broken left foot, numerous bruises and possible internal injuries. The younger daughter has cuts and bruises and is semi-conscious, while Miss Garnett, a twin of the dead girl, has a broken left leg, broken right arm and head injuries. She is also suffering from concussion and is more serious than the others. She was riding in the rumble seat of the Melton automobile with her dead sister.

The Meltons had been visiting a son and brother, Russell, in Frazersburg, W. Va., and were returning home when the automobile driven by the father collided with the LaSalle sedan driven by Miss Lois Brim, 20, daughter of Professor and Mrs. Orville W. Brim, 2363 Tremont-rd., Columbus. The girl's father is a professor in the college of education at Ohio State university.

## OTHERS IN CAR

Others in the Brim car were Betty Brim, 21, Orville, Jr., 9, Wade, 7, two maids, Florence Stubb and Florence Harrison, and William Randall, 20, Upper Arlington. All were slightly hurt although none required aid here.

Other officers elected were Robert Shadley, vice president; Joe Bell, treasurer, and Betty Sayre, secretary.

Candidates for vice president besides Shadley were George A. Baker, George Speakman, Tom Kirwin, and Lydia Given, while Jim Rock-elder, Dorothy Lyle and Bob Watts also ran for treasurer with Ned Plum and Walter Osborne in the race for secretary.

## HOCKING FIRM STRIKE WOULD AFFECT MANY

U. S. Board Calls Hearing For Next Monday; Starts Saturday

2,480 WORK THERE

## Shoe Strike Settlement at Standstill

CLEVELAND, Sept. 20.—The Cleveland Regional labor board moved today to avert the threatened strike of 2,480 employees of the Hocking Glass company, at Lancaster, O., a strike which board members said would practically cripple industry in the city.

The board today received a telegram from the American Flint Glassworkers' Union, Local 519, affiliated with the American Federation of Labor, declaring that union employees would walk out on strike Saturday, according to William C. Westphal, assistant executive secretary of the board.

## CALLED MONDAY

The board immediately called a hearing for next Monday afternoon in an attempt to at least postpone the actual walkout, Westphal said.

Westphal revealed that he had attempted to negotiate a settlement between company and union officials last Thursday while he was in Lancaster trying to settle the strike at the Godman Shoe company. He said that he was unable to "get anywhere" at that time.

The union called the walkout at the glass company after company officials refused to deal with union representatives concerning collective bargaining, Westphal said.

## ON SHOE STRIKES

Westphal has been representing the Regional board in the strike difficulties at the Columbus and Lancaster plants of the Godman Shoe company. He said he will go to Columbus again next Tuesday to try to amicably settle that walkout.

## COURT HEARS KILLERS' PLEA

Fair Trial Rights Violated Attorneys For Pierpont, Makley Say.

COLUMBUS, Sept. 20.—The voluminous record in the trials of Harry Pierpont and Charles Makley, Dillinger mobsters condemned to death for the murder of Sheriff Jess Sarber of Allen-co., was in the hands of the seven judges of the state supreme court today.

The court hands down its decisions out once a week and Sept. 25 is the next regular decision day. If the decision happens to go against Pierpont and Makley, it was doubtful whether their counsel would carry a further appeal to the U. S. supreme court. It is reported in legal circles that the Dillinger gang defense fund is about exhausted and not sufficient to pay the cost of printing the record of another appeal.

No attempt was made by their counsel to stress the asserted innocence of Pierpont and Makley before the supreme court. Their chief argument was that constitutional rights of the pair to a fair trial had been violated, at the same time claiming the judgments were improperly obtained.

## ATTEMPT TO TRACE DEATH CAUSE FAILS

Captain of Morro Castle Might Have Died of Poison, Expert Says Today.

NEW YORK, Sept. 20.—Failure to determine whether Capt. Robert Willmott, died from the effects of poison a few hours before the Morro Castle was hit by a disastrous fire was reported today by Dr. Alexander Goettler, city toxicologist.

The master might have been poisoned, Dr. Goettler could not say. Traces of two metals, which form the bases of some poisons, copper and lead, were found in the bones but the toxicologist was inclined to ascribe their presence to the fact that copper wiring and lead pipe on the doomed liner had melted in the terrific heat and impregnated the bones.

# TIGERS, ACADEMY TO OPEN PIGSKIN YEAR

There's going to be a football game at the high school field Friday afternoon with Circleville's Tigers and Bill Hunt's Columbus Academy outfit as the leading attractions.

The game is set for 3 p. m. with West and Smith as officials. Price of admission will be 35 and 20 cents, and the high school band will parade uptown before game time.

Those are a few facts and here's another one: Coach Pete Herberholz is not yet certain who will be in his starting lineup. He has worked several different combinations but has not yet made up his mind; at least none of the squad members have any idea who will be in certain positions when game time rolls around.

**MAY DELAY CHOICES**

The Red and Black mentor may assign jobs to his hopefuls this evening, but again he may not. He might withhold his lineup until just before game time.

Nothing at all is known of the Academy team. Bill Hunt's ability as a coach is proven since he has turned out some mighty good teams at the Columbus school. The former Ohio State basketball star has been at Academy since graduating with Johnny Miner and other cage satellites and has been held in high esteem.

He has promised high school officials that every player he puts on the field would be eligible for a high school team in age and grades. He has some players who will be used against other prep schools but not against legitimate high schools.

**HOPE FOR VICTORY**

The Tigers are hopeful of gaining the victory. Most of the players expected to see service are green while their weight is not too great. A number of the athletes are well proportioned and seem to know what it is all about but nothing definite can be learned until they are seen in action.

Next week the Tigers play Lancaster in a night game.

## Here's "Old Mug"

This turkey-necked cup is the prize of victory in the international yacht races for America's cup, in which the British ship, Endeavour, and the American craft, Rainbow, are competing off Newport, R. I. Brought from England in 1851, the cup has remained in the United States ever since. Sir Thomas Lipton referred to it as "that old mug".

## NOECKER VICTOR

Little progress is being made in the Pickaway Country club championship tournament as one match was played during the week with J. P. Noecker defeating A. L. Wilder, 8 up and 6 to go.

J. H. Evans has defaulted to C. R. Barnhart and C. T. Gilmore to J. Woodyard.

Matches between R. D. Musser and Paul Adkins and J. Eshelman and K. J. Herrmann remain to be played in the first round.

## About This And That

BY THE SECOND GUESSER

### TWO-MAN STAFF

We must pass this one on to you. Last night in Bill McKinnon's sports report over WBN3 he told a story about Dizzy Dean's latest chatter—Dean, according to McKinnon, gave Frankie Frisch credit for being the greatest manager in baseball because "He has kept the Cardinals in the race with a two-man pitching staff." — Naturally the big hurler means himself and his brother, Paul.

Many thousand Chicago grunts fans will see the Jim Londero-Strangler Lewis match tonight—It goes on the air, too —Londero is getting 40 GS out of his efforts —Lewis will probably get thrown.

### FISHER BY DEFAULT

Another match of interest was that between Charlie Fischer, of Wisconsin, and Billy Parker, Boston negro, for the light-heavyweight title last night in Columbus—Fischer won in 87 minutes of tough milling —3,500 watched Parker miss a flying slam and suffer a groin injury—Up to that time he was ahead—Unable to continue the negro lost his chance at the title.

The Notre Dame club of Cleveland is seeking permission from Naval academy authorities to permit 1,700 midshipmen to attend the Navy-Notre Dame grid contest in the Forest city Nov. 10—The game will be played in the Stadium.

### No Females Allowed

Mount Athos, the monastic republic in Greece which is only forty miles long and five miles wide, and contains 20 monasteries and 9,000 monks has not permitted a woman or female animal to enter its boundaries for more than 900 years.

# LAYDEN FACES TOUGH JOB AT IRISH SCHOOL

Schedule Calls For Difficult Test Every Week; Spirit Is Good.

By LEO FISCHER  
International News Service Sports Writer.

**SOUTH BEND, Sept. 19.**—Elmer Layden, the new head man, is faced with the tremendous task of building from the ground up in his first season at Notre Dame, but you can't say that he hasn't erected a pretty solid foundation in the few months since his return to this campus.

Without playing a game, with only a few practice sessions under his direction, he has succeeded in restoring to Notre Dame football that spirit and morale which made the Irish such a fearful gridiron power under Knute Rockne's magic touch. He was welded the student body, the alumni, the coaches, the faculty and the players into a solid group which cannot help but reflect its unity this fall in the battle to regain Notre Dame's lost football prestige.

### NOT SECOND ROCKNE

The late father, O'Donnell chose better than perhaps he will ever know when he picked this boyish-looking coach from Duquesne university to direct the athletic destiny of his old Alma Mater. He may not be a second Rockne—there probably never will be one—but he has that elusive something, call it charm or magnetism, if you will, which made Rock a standout among men. And the results show on every side.

Of the 18 returning lettermen from last year's squad, only seven are seniors, and just four of these can be used at one time. George Melinkovich and Fred Carideo are fullbacks; Dan Hanley and Al Costello are right halfbacks; Capt. Dominic Vairo and Rocco Schiralli are guards.

This means that in the key positions will be men who have all the willingness and courage which any coach can desire, but who lack the balance and experience needed to start the season off in high gear.

In the line particularly is this true but the backfield is a little better set for experienced material.

Notre Dame's 1934 schedule is scarcely one which will permit much experimenting. It opens Oct. 6 when Jack Chevigny brings his Texas team to South Bend and continues without a break against Purdue, Carnegie, Wisconsin, Pittsburgh, Navy, Northwestern and Army. Then a week's rest and the finale with Southern California.

## JACKSON-TWP SCHOOL NOTES

Hazel Justice, who was in the fifth grade of our school, died at Berger hospital, September 18. Hazel was loved in our school and her sudden death will be lamented by all who knew her.

Mr. Downing entertained the grade and high school teachers with a watermelon party last Thursday evening.

The annual freshman initiation party was held at the home of Augusta Peters last Friday evening. We have 25 freshmen.

Coach Lampl is introducing speed ball as the boys' fall sport this year. He is busy training his team for the first game of the season, Friday, Sept. 28, when they will play Ashville at Jackson.

Ashville has a good team so we expect this to be an interesting contest.

Miss Louise Fischer, sophomore, and Roger Wolf, freshman, are attending the State Club Congress at Ohio State university this week. Roger and Louise were chosen as delegates because of their interest and achievement in 4-H club work.

# BUD TEACHOUT BLADES CHOICE

Slim Southpaw To Try For Third Red Bird Victory; Heusser Is Help.

**MINNEAPOLIS, Minn., Sept. 20.**—With two decisive victories tucked under their belts, and but two to go before they have the American Association championship in their grasp, the Columbus Red Birds turned today to Bud Teachout for the hurling duties in the third game of the post season series with the Millers and the last to be played in Flour Town.

The Birds won the second game yesterday 9 to 4 before a disappointing total of 7,000 fans by batting Walter Tauscher and Joe Shaute to all points of the lot.

Ed Greer went to the eighth inning when a rally by the Millers threatened the Birds' lead. Then Ed Heusser was called to duty and the Millers were left without scoring for the remainder of the game. The Birds were outlasted 12 to 11 but gained their advantage by bunting the batting line into the fourth, sixth and seventh rounds.

## WASH OUT 15 MILES OF KIDNEY TUBES

Win Back Pep . . . Vigor . . . Vitality

Medical authorities agree that your kidneys contain 15 MILES of tiny tubes or filters which help to purify the blood and keep you healthy.

If you have trouble with too frequent bladder passages with acrid amount causing burning and discomfort, the 15 MILES of kidney tubes need washing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and vitality, getting up nights, lumbago, swollen feet and ankles, rheumatic pains and dizziness. If kidneys don't empty 3 pints every day and get rid of 4 pounds of waste matter, your body will take up these poisons causing serious trouble. It may knock you out and lay you up for many months. Don't wait. Ask your druggist for DOAN'S PILLS—a doctor's prescription—which has been used successfully by millions of kidney sufferers for over 30 years. They give quick relief and will help to wash out the 15 MILES of kidney tubes.

But don't take chances with strong drugs or "miraculous kidney cures" that claim to fix you up in 15 minutes for they may seriously injure and irritate delicate tissues. Insist on DOAN'S PILLS—the old reliable remedy that contains no "dope" or habit-forming drugs. Be sure you get DOAN'S PILLS at your druggist. © 1934, Foster-Milburn Co.

## ASHVILLE SCHOOL NOTES

All students, parents and athletic followers of the Ashville-Harrison high school, please note the change in the athletic program adopted for the coming year.

Heretofore the athletic program consisted of a Fall sport, football; a Winter sport, basketball; and a Spring sport, track. This Fall, however, will find no football on the schedule, but instead the boys will spend their time concentrating on a rather new as well as somewhat unknown sport, namely, speedball.

The reasons for this change in the program are as follows: 1. Lack of money to continue football. 2. The discontinuing of football in most small nearby schools. 3. Lack of number of students out for football. 4. Speedball is a mass game and therefore has a turnout of approximately 90 per cent of all the boys in school whereas the turnout for football was about 20 per cent. 5. Speedball is a very inexpensive game and at the same time a good conditioner for basketball.

Speedball was invented by Mr. Mitchell of Michigan U., and is a combination of soccer and basketball. It is played on a regulation football field with the goal posts on the end zone, 10 yards in back of the goal line.

A team in speed ball consists of 11 players scattered all over the playing field. The ball is kicked off from the 50 yard line, from where play continues by either throwing a forward, backward or lateral pass, or by kicking the ball, depending upon whether it is a fly ball or a ground ball, until a score results. A fly ball is one that is kicked into the air and has not touched the ground since being kicked into the air and may be caught and passed forward, backward or lateral until a score results or it again touches the ground, thus becoming a ground ball. A ground ball is one that touches the ground after being kicked or passed and may be kicked, but not touched by the hands of any player.

The methods of scoring are: 1. Field goal, three points, resulting from a kicked ball between the cross bars. 2. Touchdown, two points, resulting from a forward pass over the goal line. 3. Drop kick, one point, resulting from a drop kick from any place on the field of play. 4. Penalty kick one point, resulting from a foul.

Fouls are infractions of rules, similar to those in basketball. It is hoped that a county speedball league will be formed in Pickaway-co. by next year. Franklin-co. as well as many others have organized such a league and reports are that speedball is a success.

The Ashville high school has arranged to play four games so far, two with Jackson-twp. and two with Hamilton-twp. school. The first game will be played this Friday at Ashville against Hamilton-twp. The game will be called at 3:30. No admission will be charged, everybody is welcome.

Forty-five boys and girls have enrolled in the first grade. Twenty-eight boys and 17 girls. Thirty-six pupils have been enrolled in the second grade, 24 boys and 12 girls. The second grade has been drawing pictures of farms.

The fifth grade has 14 boys and 14 girls enrolled this year. Chester McCain, formerly of Pike-co, is now attending Ashville. Chester Arthur is able to return to the fifth grade this year.

The sixth grade made a Noah's Ark exhibit for their table last week. They have made many animals such as the camel, giraffe, cow, horse, buffalo, pig, fish, bear, sheep, monkey, and others.

Each one of these is being transferred from the land to the Ark.

Our History Club met Thursday morning, Billy Cloud acting as president and Margaret Glick as secretary. Clarence Donald Rush and Doris Fay Cline showed us many interesting pictures from the World's Fair.

The seventh grade has an enrollment of 17 boys and 14 girls.

Three new students have entered grade seven. Wilma and Ruth Cain of Scioto Trail school and Eva McCain of Piketon.

James Alexander, of the eighth grade, was absent four days last week because of illness.

The eighth grade lost the following members during the Summer: Mary June Barton, Jean Brinker, Ethel Hiles, Helen Miller, William Gerhardt, Edwin Raver and Clarence Ward. Hazek Hoff-hines from Akron has joined the class, making a total enrollment of 11 girls and nine boys.

We have three new teachers this year in Ashville. They are, Monna Lee Ferguson, Eliza Plum and Fred Brobst. They are taking over the work of Elizabeth Hay, Maxine Accord, vocal music, and Prof. John Gill, instructor of music who are not with us this year.

Billy Glick of the second grade was absent all last week due to illness.

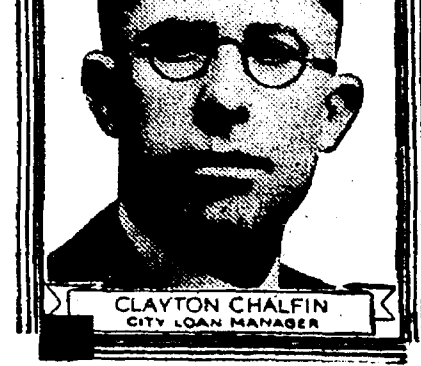

Twelve girls and 13 boys are enrolled in grade four at the present time, with Bobby Younkin and Joanne Tosca registering this second week of school.

Monitors for this week are: Dale Fout, Aretha Gray, Ruby Meadows, and Frank Hinkle. Four people, two boys and two girls are chosen each week in alphabetical order.

In morning exercises the boys and girls are enjoying hearing the book "Marty and Company," read.

Ohio has been the unit of study in both geography and reading for the past week. In this connection maps have been made.

## Judgment Day—Can't Pay

**Our Loan No. 17-8487—** is a young foreigner, who by dint of hard work and saving owns a 136-acre farm. Among the improvements on his place, he rode his buildings against lightning, and gave his note in payment. He neglected to pay this note, so the sheriff came out and levied execution on his stock and implements. Being foreign-born this judgment had worried him to the point where he was nearly frantic, and to say he was relieved when The City Loan made him a loan of \$150 is putting it mildly.

booklets with pictures and stories about them.

The sixth grade is making an Indian booklet for their history class.

George Forquer, Ruth Ann Sark and Junior Short conducted the opening exercises in grade six. June Snyder brought a picture album to school and took us on an imaginary trip through the Grand Canyon during our History club meeting. We also talked about the textile strike and the burning of the Morro Castle.

We are making a collection of butterflies, bees, cocoons and fish for our Nature Study.

Plans are being made for a County school exhibit at the Pumpkin Show. It will be displayed at the armory.

The eighth grade plans to spend the first few weeks of school in reviewing some of the school work already covered in previous grades. We believe that this review will later make the eighth grade work easier for many of the pupils.

The DAILY WASHINGTON MERRY-GO-ROUND

By DREW PEARSON and ROBERT S. ALLEN

(Continued From Page One)

They are flocking in large numbers to the hearings now being held by the AAA throughout the middlewest, and are registering vehement protest against the proposed plan.

The \$133,000,000 due them on this year's "adjustment" program—\$78,500,000 of which has already poured into their pockets—is lush pork they have no intention of relinquishing, if they can help it.

And those representing them in the Senate and House are with them 100 per cent.

So it looks as if "pork" would continue to dominate the Middle-west.

Merry-Go-Round

The boys are still marching, a new veterans' organization, "Volunteers of 17", incorporated under the laws of Texas and with headquarters in Houston, has just been launched. Membership is confined to enlistments from April 6, 1917, to December 15, 1917. The prospectus says nothing about the bonus, but considerable about trying to get jobs and "group hospitalization" for ex-service men and their families.

Missouri's blunt-speaking Senator Bennett Clark is proving to be the best cross-examiner of the Senate munitions investigation. When Clark takes hold of a witness, the pace of the proceedings quickens considerably.

Since early last Spring every member of the Justice Department's Bureau of Investigation has had to take a course in rifle, pistol, and shotgun marksmanship. The training is under the direction of Army sharpshooters.

The Post Office Department has begun a nationwide survey to expedite airmail delivery from airports to nearby cities. In a large number of cases it takes almost as much time to transport the mail from airport to community, as it does to destination points.

SEC Chairman Joe Kennedy is rapidly gaining the reputation of being one of the most popular "bosses" in the Capital. Genial, informal, he makes it a point to become personally acquainted with every employee of his Commission.

# SURVEY OHIO SCHOOL NEEDS

COLUMBUS, Sept. 20.—A statewide survey, designed to place the financial plight of Ohio schools squarely before the state legislature when it reconvenes Nov. 19, has been started by the state department of education.

The survey, which is being conducted under the direction of Joseph Fichter, assistant director of education, is aimed to bring to light the following facts:

An approximate determination of the number of children who this year are being kept out of school because of lack of proper shoes, clothes and books.

How much in back teachers salaries will be needed by January of next year.

**LEVIES STUDY**

How many cities are voting special levies outside the 10-mill limitation for the schools. This will enable the education department to estimate, following the November elections, how much will be needed to keep the state aid schools open.

Fichter, who has just returned from the first of a series of trips planned to cover many of the schools districts in the state, said today that preliminary investigations have revealed that more students this year than ever before have been kept out of school because of the need for sufficient clothes and books.

"Some boards of education," he declared, "are taking the attitude that it is trouble enough to keep the schools open without supplying the needy children, but the problem must be included in the matter of school financing."

It is also apparent that no districts in the state will receive federal funds to pay teachers' salaries this year.

**FERA HELPS**

This Spring, the FERA granted approximately \$333,000 to 386 of the state's 2,000 school districts to aid in paying teachers from February to June, with 100 more districts meeting the qualifications but failing to receive any funds.

"Money is available from the FERA for the erection of new school buildings, but the problem now is to keep the present ones open," Fichter, however, said that building loans would be taken from time to time when new schools were needed.

## ALAGNA TELLS OF "TROUBLE"

Says He Started Petition In Objecting To Bread, Dirty Utensils.

NEW YORK, Sept. 20.—George I. Alagna, of Wallingford, Conn., first assistant radio officer of the Morro Castle, took the stand today in federal inquiry into the disaster which cost 132 lives.

The court room buzzed with excitement as the swarthy young operator took the stand. Regarded as a key witness in the case, Alagna has been variously described as "hero" and "radical trouble maker" on the Morro Castle.

It was Alagna who went to the bridge and pleaded for orders from Acting Captain Warms while flames were already crackling in the radio shack.

Alagna startled his hearers at the outset by frankly admitting to Dickerson, N. Hoover, chairman of the department of commerce board of inquiry, that he had had trouble on the boat. He said: "When I first joined the boat in June as third radio officer the officers were being served stale bread and the silverware was greasy and plates dirty."

"I was just out of college and didn't like this. So I started up a petition to have this condition changed. I got up the petition but there were not enough signatures so I destroyed it, on the advice of Mr. Hancock, the fourth officer, who said if the Ward line got hold of it the signers would be fired."

Alagna then told how on a previous trip out of New York, before Rogers had become chief operator, he and two other operators had gone on strike because of the sailing of the boat. He said he went to Captain Willmott with his demands and when he got no satisfaction he and the others walked off the ship.

Mr. Goff went to the Scioto river bottoms to hunt elderberries and wild grapes and became bewildered Tuesday evening and was unable to find his way home.
